2 Notes

- We used PHP, PhpMyAdmin and XAMP server to implement database functionalities for register and login.
- The website allows the user to choose the anime theme to play the cards game with
- Each anime theme has its own characters and background music.

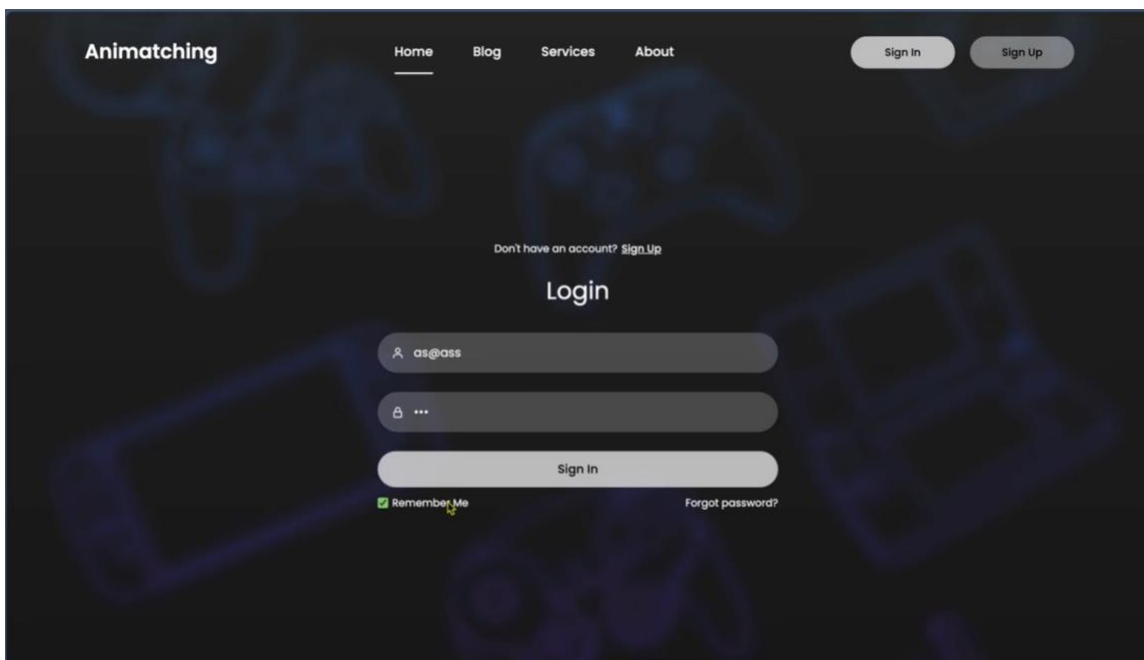

3 Participation

- > *At first, we worked on this project together as a team via meetings at the same time.*
- > *After that each one of use took the project to add some improvement and fine tune the styling and optimization of the overall functionalities and optimization of the code.*

4 Screenshots

The screenshot shows the 'Sign Up' page of the Animatching application. The page has a dark background with a faint, stylized illustration of a city skyline. At the top, the 'Animatching' logo is on the left, and navigation links 'Home', 'Blog', 'Services', and 'About' are in the center. On the right, there are 'Sign In' and 'Sign Up' buttons. Below the navigation, the text 'Have an account? Login' is displayed. The main heading is 'Sign Up'. There are four input fields: a username field with 'aaaa', a password field with 'ss', an email field with 'as@as', and a password confirmation field with '***'. A 'Register' button is below the fields. At the bottom left, there is a 'Remember Me' checkbox. At the bottom right, there is a link for 'Terms & conditions'.

The screenshot shows the 'Login' page of the Animatching application. The page has a dark background with a faint, stylized illustration of a city skyline. At the top, the 'Animatching' logo is on the left, and navigation links 'Home', 'Blog', 'Services', and 'About' are in the center. On the right, there are 'Sign In' and 'Sign Up' buttons. Below the navigation, the text 'Don't have an account? Sign Up' is displayed. The main heading is 'Login'. There are two input fields: an email field with 'as@as' and a password field with '***'. A 'Sign In' button is below the fields. At the bottom left, there is a 'Remember Me' checkbox. At the bottom right, there is a link for 'Forgot password?'.

phpMyAdmin

Server: localhost Database: Animatching Table: users

Showing rows 0 - 1 (2 total, Query took 0.0002 seconds.)

SELECT * FROM `users`

Profiling [Edit inline] [Edit] [Explain SQL] [Create PHP code] [Refresh]
